

BOOLEAN OPERATORS CHEAT SHEET

WHAT ARE BOOLEAN OPERATORS?

They connect your keywords and to help define the relationship between your search terms. Use boolean operators to get the best results in your search.

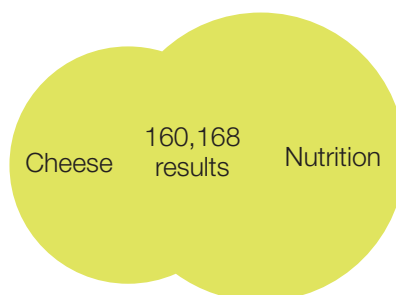

Cheese AND Nutrition

Narrows search results to contain both words

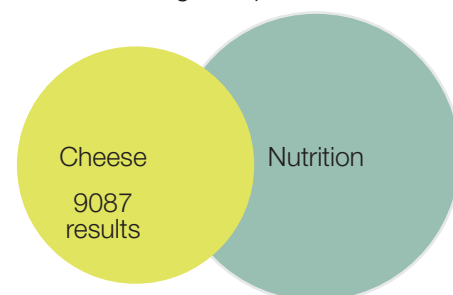

Cheese OR Nutrition

Broadens your search to contain either word

Cheese NOT Nutrition

Narrows your search by eliminating the specific word

GIVE BOOLEAN OPERATORS A TRY!

Try your own search using boolean operators to connect your keywords.

Keyword	AND/OR/NOT	Keyword	AND/OR/NOT	Keyword	Number of results
Cheese	AND	Nutrition	NOT	Cholesterol	289
